

Trend Micro™

# Smart Surfing for Mac

Total Online Protection for Your Personal Data

Safeguard your family with Trend Micro™ Smart Surfing for Mac. Now you are free to shop, bank and surf online while staying safe from attacks on your identity and confidential information. You can also protect your children from inappropriate websites. Get Trend Micro Smart Surfing for Mac and enjoy online freedom!

## Why Consider Trend Micro Smart Surfing for Mac?

### Surf the web without worry

Enjoy online freedom with the built-in protection of Trend Micro Smart Surfing:

- Blocks IM and email links that lead to dangerous websites
- Protects against phishing scams that can trick you into revealing confidential information
- Prevents websites from installing dangerous software on your Mac

### Manage your children's online activity

Parental controls let you decide what's appropriate for your children:

- Restricts Internet access by content categories
- Controls access to chat and IM sites
- Allows you to block specific websites

### Get essential protection

Trend Micro Smart Surfing safeguards your Mac and personal data against the latest threats:

- Defends against viruses, worms, Trojan horse programs, and other everyday security threats
- Guards against spyware and other malicious software
- Includes free automatic updates so your protection stays current against new threats

From the console screen, you can easily get up-to-the-minute status on your Mac's security.
